

Federal Funding Education Technology Solutions

Solutions for **Anywhere** Learning

The Source for Audio Visual Solutions!®

VISUALSOUND.COM

Recover Your Academic Momentum

The **Federal Funding** from the COVID-19 Pandemic can cover a broad range of technology spending, making it overwhelming when choosing solutions to ensure that you're getting the most out of your funding.

That's where Visual Sound steps in. Let us assist you with your Federal grant funds to build and support the right innovative technology-based learning strategies for your school or district.

We work with you to implement your digital learning strategies to retool classrooms for social distancing and hybrid learning as a means to improve instruction and student achievement.

We've curated this catalog to showcase our recommended solutions to help recover academic momentum and assist with safely reopening buildings.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Interactive Flat Panels

ClearTouch

6000K+ sizes, 65", 75" and 86"
7000XE sizes, 43" 65" and 86"

A crystal-clear, anti-glare LCD display with 4K True HD Resolution—even on the Android side—ensures an optimal viewing experience with extreme clarity from any angle, even with the room lights on.

ViewSonic

Viewboard Series

Available in various sizes

A centerpiece for collaboration, ViewSonic ViewBoard IFP50 interactive displays deliver incredible interactive capabilities for 21st century classrooms. Featuring huge touchscreens, ViewBoard displays let multiple users write, edit, and draw onscreen for dynamic presentations and creative brainstorming.

eGlass

Supports Hybrid Learning

Available in 35" and 50" Models

- Integrated camera captures writing and teacher's face
- The image is 'flipped' so writing reads left-to-right
- Connects to computer via USB cable
- LED lighting is injected into glass
- Live video is displayed on projector or flat panel
- Any existing lesson plans, any format, can be brought on eGlass and written on

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ PTZ/Web Cameras

Vaddio

PTZ Camera

The RoboSHOT 12E USB HD PTZ camera is the leader in professional A/V conferencing cameras. Simultaneous HDMI, IP (H.264) streaming, uncompressed USB 3.0 streaming.

Supports
Remote
& Blended
Learning

Minrray

PTZ Camera

Full HD, Wide View Angle, Multi-protocols, Multiple Video Interfaces.

Minrray

Web Camera

Full HD image, High quality CMOS sensor. USB 2.0 interface, plug and play.

ClearTouch

Web Camera

The ClearTouch® web camera extends the business and educational capabilities of ClearTouch® panels, allowing for easy video and audio capabilities to your interactive panel. The web camera features a 1080P camera and built-in microphone so your entire class can be seen and heard.

Jabra Panacast

PanaCast Panoramic Web Conferencing Camera

Jabra PanaCast works with all leading video and audio conferencing solutions, and is certified for use with Microsoft Teams & Zoom.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Classroom Audio Reinforcement

FrontRow

Juno All-In-One Classroom Audio

FrontRow's JUNO all-in-one classroom audio solution has integrated Bluetooth® connectivity to provide rich audio amplification for both voice and media while being quick and easy to setup and use. Juno also supports remote and hybrid learning environments by seamlessly integrating with popular video conferencing solutions like Zoom®, Google Meet®, GoToMeeting® and more to bring the classroom to remote students and remote students into the classroom.

Build Your
Blended
Learning
Bundle

Revolabs USB Speakerphone

The USB speakerphone UC 500 is a full duplex system allowing for audio playback and audio capture simultaneously. Its best-in-class speakers, microphones, and audio technology set a new standard for PC-based unified communications applications. 360 degree audio pickup within a 20 ft radius

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Document Cameras

Elmo

MO-2 Wireless Document Camera

MO-2 is Elmo's first Android-based document camera, giving users the ability to browse the web and access educational apps over Wi-Fi or using a wired network connection. The MO-2 comes with built-in Miracast wireless display connectivity and a built-in battery that enables educators to move about the classroom to directly engage with students without having to be tethered to their desk.

Provides
Flexibility
in the
Classroom

Hovercam

Solo8+ Document Camera

Small footprint. Sturdy, metal construction. Pivoting camera head to capture almost any direction. Just one USB cable from document camera to computer. No power cable or extra cable for loop-through required. Easily switch between camera image and computer image with a mouse.

SMART

Flexible Arm Document Camera

With the camera, teachers transform images and videos of everyday objects, students' work and all sorts of curiosities into interactive SMART Board® content.

Lumens

Ladibug Document Camera

Full HD 1080p Output Resolution. No Joint, Highly Flexible Gooseneck. High Speed 30fps Dynamic Image. Hands Free Auto Focusing. USB Cable Only. Plug and Play

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Adapters

Targus

Docking Station

Turn your device's USB-C port into an HDMI or VGA output port with this compact single video docking station.

Targus

Bluetooth Mouse & Keyboard

Minimize the cords on your desk and free up some USB ports with a cordless mouse and keyboard combo.

Comprehensive

HDMI Cable Adapter

Comprehensive's SuperSpeedplus 3.1 Cable Adapter allows the user to easily connect extra monitors to a laptop or desktop without having an extra graphic card.

Comprehensive

Essential Converter/Connection Kit

This kit Conveniently compiles all the necessary Type-C (USB 3.1) adapters for connecting your Macbook (2015), Dell, HP, Asus, Chromebook, Lenovo into one convenient kit

Cables to Go

4 Port USB Hub

Perfect for connecting four USB devices to a PC using a single USB port

Liberty

Adapter Ring

New Adapter Ring 2.0 offers a flexible new way to tether your adapters.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Sanitizing/Thermal Solutions

ClearTouch

Digital Signage Sanitizing Station

Gel™, the new breakthrough messaging system that is equally as concerned with cleanliness as it is message delivery.

Goodview

Facial Thermal Scanners

Supports human body temperature detection and temperature display.

iCloths

Sanitizing Technology Cleaning Wipes

Cleaning wipes with 70% Isopropyl Alcohol for use on devices and surfaces such as Laptops and Desktop Screens, Touchscreen Monitors, Automotive Displays, Aviation Displays, Whiteboards, LCD / LED / OLED TV Screens, Windows and more. Electronic safe & leaves no residue.

Copernicus

TechTub2 UV

In one minute, disinfect chromebooks, devices, robotics, headphones, toys and more to a 99.99% kill.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Sanitizing/Thermal Solutions

Copernicus

Portable True HEPA Air Purifier

Removes at least 99.97%** of airborne contaminants in one pass with dual True HEPA filters and helps circulate the air of an average classroom* 5.2 times per hour.

Copernicus

Double Hand Sanitizer Station

This sturdy stand is ideal for static areas like building entrances. Its height makes it appropriate not only in a school setting, but also for businesses and public spaces.

Copernicus

Portable Sink Cart

When running water isn't available in the classroom (or anywhere in a school), these lightweight, portable sinks can be situated where needed. Great for makeshift learning spaces!

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Digital Signage/Secondary Monitors

LED Desktop Monitors

SuperClear® IPS panel for vivid picture quality and wider viewing angles

NEC

Accusync LED Desktop Monitors

Widescreen LED backlit IPS LCD desktop monitors that offers a large workspace with eco-friendly benefits.

ViewSonic

Presentation Displays

With a complete line of digital display solutions, ViewSonic ensure easy and efficient communication across your school or campus: from menu boards for your cafeteria, to wayfinding kiosks, and artistic video walls. A variety of software options let you easily create, upload and share content.

Panasonic

Professional Displays

Large 4K LED backlight flat panel Equipped with a protective glass and offering excellent reliability for professional use in rental&staging and high-end signage applications

ClearTouch

Mobile Digital Display

Evo Roll is a mobile, versatile and durable indoor & outdoor digital display with massive screen space and long lasting battery life.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Digital Signage/Secondary Monitors

UC View

Digital Signage Solutions

UCView has been providing digital signage solutions to schools for over a decade. It is the most flexible digital solution available for educational institutions. You can sign up for our cloud account without worrying local network setup or opt for on-premise server solution for maximum control.

Visix

AXIS Tv - Digital Signage and Room Scheduling Solutions

Touch interactive meeting room signs are the perfect way to extend your digital signage to meeting areas. Show schedules from your own calendar application, with gorgeous, interactive screen designs

ViewSonic

Free-Standing Digital ePoster Kiosk

The ViewSonic EP5540T is a 10-point interactive 55" all-in-one free-standing digital ePoster kiosk with a sleek, slim design. Great for grabbing attention in busy, high-traffic areas, the EP5540T comes with a scratch-proof tempered glass faceplate for added durability

ViewSonic

Digital Display Hand Sanitizing Station

The ViewSonic® EP2410T-B1 is a Health Flex Hand Sanitizing Station bundled with a 24" touch display, media player, and hand sanitizer dispenser holder.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Screen Sharing Technology

Barco

ClickShare Wireless Presentation System

With ClickShare, you can make sure ideas receive the attention they deserve. This wireless presentation system allows users to simply share what's on their laptop or mobile device, on the presentation screen. No cables, no set-up, no waiting to join in.

Barco

ClickShare Wireless Conferencing

ClickShare CX-30 from Barco offers a seamless wireless conferencing solution that can be used on any device to bring teams together—wherever they are in the world—to participate in inclusive meetings that generate the best ideas and discussion points.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Screen Sharing Technology

Mersive

Wireless Content Sharing & Streaming

Solstice Active Learning provides a software-based video routing solution used in multi-screen environments, such as active learning rooms, overflow spaces, and confidence monitors. The drag-and-drop interface allows users to virtually design rooms in minutes and route video in real-time all using the Solstice Active Learning app.

Crestron Air Media

AirMedia Presentation System

AirMedia gives you total flexibility to optimize every room and space with touchless presentation and collaboration, plus digital signage. Content sharing is the core of collaboration. AirMedia® technology makes it simple and safe, from the comfort of any personal device.

Extron Share Link

ShareLink Pro Wired & Wireless Presentation System

The ShareLink® Pro 1000 is a 4K Wired and Wireless Presentation System that enables anyone to present content from computers, tablets, or smartphones on a display for easy collaboration. It supports simultaneous display of up to four devices including an HDMI-connected device.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Cart Storage Units

Copernicus

TechTub2 Modular Cart

Tech Tub2® Modular Carts now include options which have a UV Tech Tub to create a complete device charging, storing and disinfecting solution that disinfects devices in one minute.

Copernicus

TechTub2

The Tech Tub stores up to 6 iPads, depending on the iPad case. Store, charge and carry your devices anywhere in the school with ease.

Copernicus

TechTub2 Trolley

Our popular Tech Tub2 Trolleys now include options which have a UV Tech Tub to create a complete device charging, storing and disinfecting solution.

Luxor

Tablet/Chromebook Charging Cart

Luxor Tablet / Chromebook Charging Carts safely charge, store and transport tablets and Chromebooks to meet the evolving IT needs of classrooms and dynamic work environments. Fully certified to the UL 60950-1 / cULus safety standards, they feature a strong, simple design.

Spectrum

Mobile Device Charging Cart

The Connect18™ Mobile Device Cart will store, transport, and charge up to 18 devices. The superior all-metal overhead cord management system keeps charge cords organized above each storage bay. There is also a large tray for easy brick storage.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Carts for Panel Mobility

Copernicus

iRover2 Cart for Interactive Flat Panels

The frame is specifically designed for rugged school environments. The design and placement of the legs, along with the electric lift function support ease-of-access for all students, including those with special needs accommodations.

Copernicus

iRover2 Cart for Interactive Flat Panels - Base Model

This model has 6 fixed height settings (upon assembly). The design and placement of the legs support ease-of-access for all students, including those with special needs accommodations.

Conen

Motorized Mobile Stand for Interactive Flat Panels

Motorized mobile height & tilt adjustable monitor stand providing extended 28" vertical travel. Tilt & table feature to position the display in any tilted position between 0 and 90 and is compatible with 42"-75" flat panels. Ideal for students in wheelchairs.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Floor Stands/Mounts

Diversitrack

Track Technology Wall Mount System

Diversitrack™ TV, allows you to mount your big screen LED or LCD TV screen in front of almost anything on your classroom or boardroom wall!

Diversitrack

Track Technology Wall Mount System

Diversimount™ is a universal, stationary, over-chalk-board wall mount supporting interactive whiteboards, standard and interactive projectors, dry erase boards and big screen LED TV's.

Conen

Adjustable Wall Mount

The SCETA-LITE is designed for touch screen monitors up to 86". The units feature a monitor mount with "pull & release" locking brackets for quick and easy mounting of the monitor.

Chief

Over-the-Whiteboard Interactive Display Mount

The Over-the-Whiteboard Interactive Display Mount allows for easy installation and adjustment of heavy interactive flat panel displays over existing chalkboards or whiteboards.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Control Systems/Conference & Huddle Rooms

Extron

Extron control systems including MediaLink, IP Link, and TouchLink.

Crestron

One platform answers every communication need. Presentation. Content sharing. Digital signage. Corporate messaging. Video walls. Active and remote learning. E-gaming. And more.

Vaddio

Video Conferencing Bundle

Ideal for video conferencing rooms, ConferenceSHOT AV integrates a high definition PTZ camera and audio conferencing mixer into a single USB 3.0 device, so you can easily connect up to two microphones and an external speaker directly to the camera. Easy plug and play functionality with all major UCC soft clients such as Microsoft Teams, Google Meet and Zoom.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ STEM

Zspace

AR/VR All-In-One Computer

zSpace combines elements of AR and VR to create lifelike experiences that are immersive and interactive.

Class VR

VR Headset

ClassVR's standalone headset is fully classroom ready. No additional mobile device is needed, the headset delivers a fully immersive VR experience whilst being wirelessly managed and controlled by our innovative ClassVR Teacher Portal.

StemFuse

Game It Curriculum

This is an intermediate level course in game design and development that engages students in a real life game development company. Throughout the course students act as a game development company to plan, design, build, and market an original game.

StemFuse

STEM It Elementary Curriculum

STEM: IT Challenge topics utilize common skills found in STEM (science, technology, engineering, and mathematics) which includes logical and creative thinking, the design process, and collaboration

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ STEM

Robotis

DREAM II Robotics Kit

Robotis DREAm II Level 1 is an entry level robotics kit optimized for learning and teaching robotics.

Robotis

Humanoid Robot Robotics Kit

The ROBOTIS MINI is a programmable miniaturized humanoid robot

Dremel

3D Printer

The 3D40 comes fully assembled from the factory and includes everything you need to go from unboxing to your first print in 10 minutes.

Boxlight Mimio

LabDisc

Labdisc helps students connect and engage with science from wherever they are.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ STEM

Sphero

BOLT Power Pack Programmable Robots

The BOLT Power Pack compiles the best of Sphero's STEM solutions all in one package for the classroom. Use Sphero BOLT programmable robots to teach students programming while completing educational activities.

▼ Furniture/Easels

Spectrum

Tablet/Chromebook/Laptop Charging Cabinet

Solutions for storage and charging that don't take up a lot of space. Hang on walls, or stack on tables from Spectrum Furniture

Luxor

Student Manual Adjustable Desk

This desk aids classroom organization with convenient backpack hooks, a spacious open book box and an open lower shelf. Enhance your school's learning experience and move toward the future with standing desk classrooms.

Copernicus

U-Shaped Clear Dry-Erase Divider Kit

This U-shaped configuration provides a clear, dry-erase divider for individual desks or group tables.

Copernicus

Mobile Tech Station Premium

The Mobile Tech Station premium model includes everything needed to make switching between programs and devices while teaching quick and seamless. Includes Dewey the Document Camera Mount that holds tablets or smartphones, Height-adjustable laptop tray (holds up to a 17" laptop), Ring light with three colour modes and brightness adjustment, Portable Pack and Go Whiteboard Easel on the back, multiple storage options, and optional FrontRow Juno Speaker Mount. Height-adjustable for sitting or standing upon assembly.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Furniture/Easels

Copernicus

Pack and Go Whiteboard Easel

This handy easel is lightweight, has a comfortable shoulder strap for hands-free carrying, a marker pocket and a kickstand to set it up at an angle. It can sit on the ground, picnic tables or be used anywhere in a school and can also be hung by attaching the strap to the hooks (hangs portrait or landscape).

Copernicus

Clear Dry-Erase Wide Room Divider

This 47" wide mobile clear divider can move anywhere needed to provide a see-through barrier between larger work stations and reception areas and the acrylic surface is dry-erase making it even more useful

Copernicus

Clear Dry-Erase Chart Stand

We've updated our popular Deluxe Chart Stand to have a clear acrylic dry-erase surface making it even more flexible in the classroom. It can be used as a room divider between students when needed (book ledge can be removed). Hang chart, graph paper or fill-in-the-blank activities on the hooks and write on the clear dry-erase surface allowing them to be used over and over again. Hang a green paper to create a green screen backdrop for stop animation and video production.

FEDERAL FUNDING TECHNOLOGY SOLUTIONS

▼ Screens & Projectors

Epson

Projectors

Epson Education Projectors for Classrooms including the newest low-cost laser projectors are made for today's teaching environment and create immersive, laser-focused learning. Projector types include Ultra Short-Throw Interactive, Short-Throw, and Standard-Throw to fit any classroom's need.

NEC

Large Venue Projectors

SHARP/NEC's superior line of projectors consists of both multimedia projectors, providing crystal-clear images for large and small spaces and digital cinema projectors, offering incredible clarity and detail

Da-lite

Ceiling Projection Screen

The Tensioned Advantage® ceiling recessed electric screen series is designed with ceiling trim in place, to conceal the rough opening eliminating the need to complete additional trim work once the screen is installed.

Draper

Portable Projection Screen

This lightweight, portable projection screen offers a clean, simple design with a black "rise" below the image area. An infinitely adjustable telescoping mast provides fast, easy set-up by locking with a twist to position the screen at the desired height on the floor or tabletop. The durable, self-contained, extruded aluminum case with a black powder coat finish and built-in carrying handle provides easy transport.

Draper

Ceiling Projection Screen

Acumen™ V presents an attractive below the ceiling projection screen designed for maximum flexibility and to meet the demand of heavy use, yet still look elegant in today's interiors.

Just like learning, Professional Development is not always a one-size-fits-all style.

Visual Sound works with you to tailor professional learning to the needs of individual educators for assistance in effectively integrating technology into curricula and instruction.

Support your teachers with the resources they need to help improve learning & educational outcomes such as:

- ▶ Using selected devices, platforms, online assessments, or digital materials
- ▶ Implementing digital learning tools effectively
- ▶ Integrating technology with high-quality instruction

We help your teachers demonstrate proficiency by actively engaging educators in their own learning to help retain lessons on using technology to solve classroom challenges.

These opportunities can take the form of “blended” professional learning, webinars, or on-site workshops depending on your preferences. **All Federal Funding eligible!**

Better prepare students for the future by investing in the educators that are leading the way.

**Purchasing with us is easy
through our many procurement contracts!**

Contact your account manager to ensure your purchase qualifies.
